My dear sir:-

I have never had the pleasure of your acquaintance but I know of you because I read your editorials, weekly, in the Presbyterian, and for that reason I fear that you may think I am presuming. I hope not. But to the point.

In the issue of March IO", I932, Rev. W. F. Bissell writes on "Tainted money." Towards the end of the article he says ""By giving to good causes we make good use of unrighteous mammon." Then follows nine lines which I need not quote besause you can refer to the Presbyterian of that date.

I am a tither and Dr. Bissell says the law of giving was changed with Paul.

If you get short of subjects for your editorial column, I would be glad if you would write upon that point.

If you grant my request please do not mention any names.

If for any reason you feel that you do not care to write about the matter suggested, please recommend to me some book which will settle the question for me.

With apologies if I have taken up too much of your time,

Very respectfully,

T. W. Thomas.

Dear Dr. Thomas:

I have your letter of March 21st. At this late date I reply. We do not feel responsible for all that is said in articles by contributors. Like yourself, I have been a tither since I went out for myself. My father and grandfather have been the same. I believe in it thoroughly. I will be very happy before long to write an editorial on the subject. To my mind, the tithe of the Old Testament is the least to be given by those who are followers of Christ. It is a minimum and not a maximum. I will try to write more fully at an early date.

Yours very sincerely,

Dear Miss Thompson:

I thank you very much for your letter relative to the Rankin family. I know the third John C. very well indeed. He is a modest but very effective man and I am very fond of him. We will find place for your information and that of some others who have written us.

Very sincerely yours,

Dear Doctor Robinson:-

I have gathered quite a lot of interesting material concerning some of our churches from which to make up the article for the special General Assembly number of the Presbyterian and think I will be able to give you just about what you want in that article. I have not been quite so successful so far with regard to the elders but may be able to get sufficient material for that also.

I have a very fine cut of the Montview Boulevard Church 4" x 5 3/4" and a good cut of Dr. Barrett, the pastor, 2¼" x 3¼". I take it that you would not want to use very many cuts because of the room they would occupy but you will certainly want a cut of the Central Church and of Dr. Anderson its pastor. With regard to this may I make the following suggestion: I would suggest that you write to Dr. Anderson personally and tell him that you are having prepared a special General Assembly number of the Presbyterian and that you would like to have a cut of the Central Church as the entertaining church and of himself as entertaining pastor, telling him also about what mesh you would prefer the cut to be and ask him to send these cuts directly to you; then let me know at the earliest possible time his reaction to this request. I am making this suggestion because of my intimate knowledge of Dr. Anderson himself and of the Central Church people and officials. Dr. Anderson is very loyal to the Presbyterian and I know he will want the best possible showing for himself and his church in your paper but I think the request from you will get better results than a request of the same kind coming from me. If you think this is not the wise thing to do let me know at once and I will find a way to secure these cuts.

Fraternally yours,

J. Mont Travis

Philadelphia, Pa.

Berwyn, Md. 3/18/34.

Dear Dr. Robinson:-

If you are able to use my paper - "Jesus' Separation" - sent you a few days since, I must insist upon its being used Entire.

Yours,

Wm. H. Topping.

Rev. G. Courtland Robinson.

Dear Sir:- Perhaps I shall not see you when I call at your office, to remind you of your promise, by "Phone" call, to find a little space in the Presbyterian for this report from "Our Home" of the service we of "The Snuggles Family" have been able to give the Churches. I would like if it could appear before or after Easter, however it must await your time, also your corrections.

I am enclosing 50 cts, if it is possible I should like 6 extra copies of this issue, to distribute amongst my Church friends, who are not your subscribers.

The enclosed Prohibition article which I wrote for our Home bulletin last fall. If it has any merit, or rather will have any influence for the good cause, please publish any part of it when you may feel it is appropriate for the times.

I have signed "Graduate Nurse" because I feel my title carries more weight. My heart is in the cause, & I rejoice to have this influence vote. With sincere thanks!

Dear Doctor Robinson:-

I enclose a paper, Jesus' Separation, which I earnestly hope you can use. After reading it I am sure that you will agree with me that it is a much needed truth. Just now is a very appropriate time for it.

The sentimental view of the Fourth Word is deplorably prevalent among ministers today, and as you doubtless know, it cuts the nerve of the sacrificial, vicarious atonement of Christ. If I do not greatly mistake, the paper will meet with a very cordial reception, for there is still a large element in the churches that love Bible truth, and you are doing agreat work in nourishing them. I realize that it is quite lengthy, but perhaps you can run it in two installments. I hope for the sake of the truth, which I love dearer than life, that you will make an effort to use it.

Perhaps you recall me as in your office last summer with Bowlby. I saw you also at the last Assembly.

With congratulations upon your spendid conduct of The Presbyterian, and with warm personal regard, I am,

Fraternally,

William H. Tobias

Dear Dr. Travis:

I am very sorry that you have been ill. I regret that the Publicity Committee for the General Assembly meeting has "gone to pieces" as you say. We wanted something that would enlighten our readers concerning Denver. The article should be as brief as possible as our space is limited and people do not read long articles in these hurried days. Suppose you write a comparatively brief article as to the various churches in Denver. We expected that the Chamber of Commerce would send us something about the city but I do not know that we have heard anything yet. Send along whatever you can and we will try to use it.

Yours most sincerely,

Dear Doctor Robinson:-

Before I was prepared to answer your letter of February 2nd with regard to the write up of our churches for your General Assembly number of the Presbyterian I was taken down with the flu and have been out of commission for the past two weeks.

I now learn that the local Publicity Committee for the meeting of the General Assembly here has had some correspondence with you about this matter. That committee has practically gone to pieces and one of the members brought your letter to me today. I will be very glad with the help of Dr. George R. Edmundson who is a member of that committee, to do whatever I can to get up the article that you desire. Apparently you wish to get from that committee two articles, one with regard to the local churches and the other with regard to some of the outstanding elders. Whether we will be able to furnish you the latter I am not able to say at this time but think we will be able to furnish you with at least a short article with regard to a small number of elders.

It seems to me that the article with regard to the churches will necessarily be quite a long article and I would be glad if you would write me at once stating the maximum limit and also stating whether or not you can use photographs instead of cuts.

Assuring you that it will afford me very great pleasure to do anything I can to further the interests of the Presbyterian in this community, I am

Fraternally yours,

J. Mont Travis
